

## The Quality Statement

Newtown Stewart Construction Ltd is committed to providing a service according to client's expectations in terms of quality and reliability and will ensure that adequate resources are available to sustain our planned business objectives.

It is the policy of the company to commit and maintain a quality system designed to meet the requirements of EN ISO 9001:2008 in pursuit of its primary objectives.

The company's Quality Manual defines our quality objectives and key procedures which includes how we commit to provide adequate physical resources.

Customer service is an essential part of the quality process and to ensure this is fulfilled, all employees receive training to ensure awareness and understanding of quality and its impact on customer service.

Newtown Stewart Construction Ltd ensures that the Quality Manual is communicated and understood throughout the company.

To ensure the company commit and maintains its awareness for continuous improvement, the Directors formulate and implement this policy to ensure that the quality system is regularly reviewed and is subject to annual audit.

The Quality Policy is reviewed at least annually, by the Directors to ensure its continuing suitability. The Quality system is monitored by Henry McKinney, who has been appointed the designated quality manager. Duties will be carried out as defined within section 5.1 of our Quality Manual.

The requirements of the company's quality system are mandatory and all company personnel have a responsibility and obligation to it.
